## **RESIDENTIAL SAFETY TIPS**

The best safety tips are to be **OBSERVANT** have a **PLAN OF ACTION** in the event a situation does arise. The following suggestions may assist in preventing a problem before it occurs.

### **OUTSIDE:**

#### **PROPER LIGHTING:**

- a. Around entrances to the residence.
- b. Any place that you may normally walk coming home in the dark.

#### **BUSHES & SHRUBBERY:**

- a. Eliminate around entrances to the residence.
- b. Walk ways used from a garage to the residence.

### **INSIDE:**

#### **PROPER LIGHTING:**

- a. Slav in the dark, it is your friend. Light other areas of the house. Look from the darkness into the light.

#### **DOORS AND WINDOWS:**

- a. Good solid doors with dead-bolt locks.
- b. Lock your windows.

#### **PROPER PLANNING:**

- a. Have a simple plan of action. Make sure all family members know the plan.
- b. Make an intruder come to you while you maintain cover.

#### **THE SAFE HOUSE:**

- a. Generally (he master bedroom.
- b. Have a good solid core door and dead-bolt lock. (Reinforce door frame.)
- c. Telephone, cordless preferred.
- d. Flashlight with extra batteries.
- c. Weapon of choice. Keep it in the same place all the time.

**REMEMBER. YOU ARE YOUR FIRST AND BESTIMMEDIA TE LINE OF DEFENSE.**
